Dear Mr Ryan *Tony*

Thank you for your letter dated 19 April, 2011, about the conclusion of your community radio program *Learning Works*.

The Department of Further Education, Employment, Science and Technology has been pleased to support this valuable program, the success of which has been enhanced by your expertise and professionalism.

It is regrettable the program is concluding, but the continued availability of the program's material on the *Learning Works* website will be invaluable for the ACE sector.

ACE will continue to be of great value to the community, particularly through its role in providing an access point for those facing barriers to participation in learning and work. The Government's *Skills for All* reform will further strengthen the sector, expanding the delivery of foundation skills programs for working age South Australians.

I would like to take this opportunity to thank you for your untiring contribution to ACE over many years, with the *Learning Works* program, your work on the ACE Council and Adult Learners Week.

I wish you well in your future endeavours.

Yours sincerely
