

# Invitation

The PASCAL International Observatory in partnership with Unisa and the City of Tshwane herewith invite you to the Learning Cities 2020 Municipal Development Workshop.

This is the fourth international workshop on Learning Cities, following previous events in Cork, Glasgow and Tampere.

We will collectively address the following burning issues during this workshop:

1. What are the correct economic and business policies and practices at city level to strengthen economic growth?
2. How can the growth-employment-entrepreneurship-nexus at city level be strengthened to ensure employment, entrepreneurship, poverty reduction and wealth transfer?
3. How can good city management and excellent service delivery be ensured?
4. In what ways can active citizenry, economic participation and democracy at city level be strengthened?
5. How can continuous physical, asset, social, human and environmental capital development at city level be ensured?

*We will collectively address the following burning issues during this workshop:*

**Date:** 21 August 2014

**Time:** 08:00 – 16:30

**Venue:** Senate Hall, Unisa

**RSVP:** Susan Lupton (luptoss@unisa.ac.za) before or on 15 August
